

Two local entrepreneurs relocate and revamp to go Beyond Expectations

Chris Gass – Entrepreneurial Intern

In the fall of 2008, two local entrepreneurs decided their already established business needed a change. Nicole and Jamie Glenny, the owners of Beyond Expectations, saw a need for the business to expand to meet the needs of their current and expanding clientele. Beyond Expectations opened in 2007 as a beauty salon offering hair and nail care, tanning, electrology and permanent cosmetics. The business was located at 233 South 4th Street with a second tanning location located a few blocks away.

Looking for bigger and better opportunities for their business, the Glennys contacted HCBI to discuss loan options for the possible purchase of a historic building at 623 Washington Street. Through HCBI, they were granted loans, totally \$100,000, from the Enterprise Zone Revolving Loan Fund (RLF), the First National Bank and the Huntingdon County Micro-Loan Program. This enabled Beyond Expectations to move to the Washington Street location. The Glennys were also able to restore the bottom level of the building for the salon and the second level for two apartments.

With the new full-service salon vision a reality, Nicole Glenny said, “ I enjoy giving my clients the best service in a great atmosphere and seeing them very satisfied.”

Now with the most state of the art beauty and tanning salon in Huntingdon, Nicole and Jamie Glenny are giving their clientele a cutting edge, a one stop shop experience that cannot be duplicated anywhere in town.
